

North American Protection Plans

Maximum Value Protection* (MVP)

When the full replacement protection of MVP is desired, you should select the level of protection that covers the total value of your belongings. At a minimum, the value you declare must be equal to \$6.00 per pound times the total weight of your shipment. You may use a higher valuation rate per pound. If your total valuation falls between protection levels listed on the MVP chart, your full replacement protection and cost will be based on the next highest level.

Basic Liability

Basic Liability Protection provides repair or replacement for up to a maximum of \$.60 per pound per article. There is no charge for Basic Liability Protection but it must be selected in the valuation section of the Bill of Lading. If left unselected, valuation coverage defaults to MVP.

Is The Minimum Level Enough?

The level of protection you actually need for your household belongings may be greater than minimum levels based on your total shipment weight. Consult your homeowner's or renter's insurance policy for recommended coverage levels or use the inventory worksheet on the back side. When determining the protection level for your household inventory, be sure to consider any high value items such as artwork, electronic equipment, crystal and porcelain collectibles. If you desire full replacement coverage, you must request Maximum Value Protection in writing on the Bill of Lading in the valuation section.

MVP FULL REPLACEMENT CHART

Protection Level	No Deductible	\$250 Deductible	\$500 Deductible
\$6,000	\$110	\$76	\$68
\$10,000	\$168	\$115	\$104
\$15,000	\$203	\$139	\$126
\$20,000	\$237	\$164	\$146
\$25,000	\$282	\$196	\$176
\$30,000	\$336	\$231	\$209
\$35,000	\$390	\$297	\$248
\$40,000	\$444	\$336	\$282
\$50,000	\$501	\$380	\$319
\$60,000	\$577	\$437	\$366
\$75,000	\$665	\$505	\$423
\$100,000	\$823	\$624	\$523
\$125,000	\$981	\$778	\$677
\$150,000	\$1,125	\$953	\$848
\$175,000	\$1,291	\$1,094	\$973
\$200,000	\$1,471	\$1,245	\$1,107
\$225,000	\$1,636	\$1,380	\$1,233
\$250,000	\$1,856	\$1,513	\$1,346
\$250,001+	**	**	**

Rates effective 4-23-12

** For protection levels that exceed \$250,000 your cost is based on the applicable cost for \$250,000 of valuation plus \$.72 per \$100 of additional valuation.

Comparison of Protection Levels

Example using 5,000lb. shipment
Calculated using actual shipment weight of your home

MVP Full Replacement

5,000lb.
x \$6.00/lb.
\$30,000 minimum
Cost on Chart \$336
Your shipment weight: _____
x \$6.00/lb.
Your Minimum: _____
Cost on Chart: _____

Basic Liability

5,000lb.
x \$.60/lb.
\$3,000 liability
Cost No Charge
Your shipment weight: _____
x .60/lb./article
Your liability: _____
No Charge No Charge

MVP Full Replacement
(\$1600 value)

Basic \$90
(150 lbs.)

Summary of Terms and Conditions

*Maximum Value Protection: MVP covers the cost to repair or replace, whichever is less, any household item that is damaged, lost or destroyed during your move up to the dollar amount that you declare as the replacement value of your possessions. Replacement is at today's full replacement cost - not a depreciated value. Complete replacement of multiple items sets of china, gold and silver flatware, and crystal glassware are excluded. MVP pairs and sets protection may not apply to some corporate relocation contracts with North American. Consult your company's relocation program. North American charges for MVP are based on the protection level and deductible option you select in writing. You must declare a minimum value no less than \$6.00 per pound times the total shipment. The MVP protection plan is available only on shipments within the United States [except Hawaii], and shipments to or from Canada. Additional charges apply if storage-in-transit is required. Valuation costs are doubled for shipments to or from Alaska.

Alternative methods for determining valuation:

The home insurance industry often recommends a protection amount for household contents equal to 50% or more of the value of your home. Factor in high value items such as art, antiques, crystal and collectibles.

FOR EXAMPLE:

Home Value: \$150,000
 Protection %: x 50%
 Protection Level: \$75,000

YOUR HOME:

Home Value: _____
 Protection %: _____
 Protection Level: _____*

Independent insurance actuaries have determined an average household today represents a value of \$6-\$8 per pound.

FOR EXAMPLE:

Shipment Weight: 10,000lbs.
 Value/Pound: x \$8
 Protection Level: \$80,000

YOUR HOME:

Shipment Weight: _____
 Value/Pound: _____
 Protection Level: _____*

* To determine your cost for MVP, refer to the chart on the reverse side.
